## SATGURU SAINATH MAHARAJ KI JAI!

### 2017 VARSHA PIRAPPU Program

Varsha Pirappu, also known as Tamil New year and is celebrated on the first day of the Chithirai month and is believed to be the day when Brahma created the universe. One of the major highlight of this festival is to observe "Vishu Kanni" first thing in the morning. Observing Kanni (auspicious things like grains, gold, vegetables etc) is believed to bring good fortune throughout the year. Baisaki is also celebrated on the same day with great devotion and fun signifying the harvest season in the northern part of India.
